Completed Action Items from last meeting

** Action item: Change URL data type of string to anyURI.

** Action item: Add xml:lang in all appropriate locations with an implied default of en:US when there is no attribute. This needs to be documented because it is not possible to represent this in XML Schema.

** Action item: Add optional sysId attribute.

** Action item: Update the website with a count meetings that members have attended this calendar year.

Open Action Items

** Action: Paul Stusiak. Due date: before April Action item: Set up a webpage infopage www.rets.org/syndication with an implementation guide. Paul will ask NAR for funding for this.

Agenda Item - Additional Field Inconsistencies

Gina Accawi gave a report on progress on the transform. It is complete. She has published the transform to the website.

** Action: Gina Accawi Due date: Next call Action item: The element communication in the Syndication schema to be boolean for any of the values in the Property schema through the standard transform.

**Action: Paul Stusiak Due date: Next call. Action item: Mark the Syndication schema element to be market deprecated.

Agenda Item - Discussion of Transport Workgroup Change Proposal

Steve Clarke explained the change proposal to add the schemas to the standard.

Several corrections were offered to Steve from the group. Steve agreed to add them to the change proposal.

The group agreed that the change proposal was valuable.

New Business Item - Request for Information on Implementations

Paul Stusiak asked if anyone was in implementation using the Syndication schema.

Alex Wingeier of CLRSearch stated that they were nearing completion of their implementation.

Alex Parr of Trulia stated that they were in the planning phase for their implementation for new clients.
